## INTRODUCTION

The project aims to:

- Attract attention to the problems of the refugees who have to live with us,
- Define the way Turkish and European Youth perceive the refugees and positive and negative aspects of their perception,
- Make especially young people view the refugees from a more objective point of view by making them learn the facts about refugees,
- Find out what the youth can do to help the refugees adopt to society,
- Promote the project venue and our country,
- Start a campaign for the sake of refugees in light of the outcome of the project.

By promoting the things we do on social network we will try to find out how we can be more sensible about this issue and will attract more people's attention to it.

There will be a total of 32 participants from 6 different countries (Turkey-Greece-Bulgaria-Croatia-Spain-Italy) in the project.

The project will be put into practice between 29th April – 7th May 2017 in Ankara. The project will be carried out by aktiF-İz Youth Community.
