# LUMINO

SOMETHING ABOUT US ...

LUMINO is young civil society association whose members are athletes, businessmen and young people interested in the world around, who want to learn new things. Because we see what is happening in Slovakia but also in other EU countries, we decided to take part in international projects in which we would like to encourage other young people to go out of their comfort zone and think out of the box of their village. Since we also have a history of projects through the Erasmus +, based on this experience, we wanted to organise a similar project too.

# ABOUT PROJECT

We live in fast world which offer us „endless“ possibilities, give access to information, education, travelling, various types of grants and support for young people to start their career, get competitive advantage or start own start-ups. On the other hand we deal with high youth unemployment and passivity of youngsters. The global youth unemployment rate is raising and was estimated by ILO over 13 per cent nowadays.

The European Union promotes entrepreneurship as a key competence that can boost competitiveness and growth. We agree and share the same attitude which says there is need to provide education about entrepreneurship.

Youth exchange „IDEA: I Dream Entrepreneurial Actions“ was design to lead youngsters through key competences used by all entrepreneurs. Project will create space to find out information in the topic, reflect about it, discuss important issues and give opportunity to analyse own ideas which can be potentially realised. We hope that this project will motivate youngsters to various new actions or will help them to develop their old ideas which they did not make alive yet.

Project with acronym „IDEA“ will be organised in October 2017 in Topoľčany, Slovakia.

Project will host for 8 days 42 participants, 2 facilitators included. Event will be full of non-formal educational activities mixed with meeting with local entrepreneurs and Youth Exchange start-up Contest.

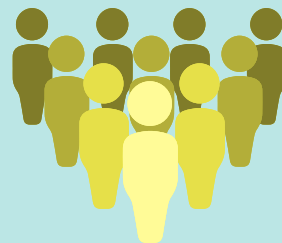

# PROFILE OF PARTICIPANTS

The target groups of the project are youth people; unemployed youth, group leaders and young people who want to learn and develop their entrepreneurs skills, young people with some ideas for entrepreneurship, young people with experience in entrepreneurship, youth people with fewer opportunity.

Project is designed and involves people with fewer opportunities (social, cultural, geographical and economic obstacles).

Participant should also:

- be motivated and interested in exploring the concept of youth entrepreneurship;
- be in a position to multiply the experience gained during the exchange in their realities;
- be ready to develop and implement realistic follow-up activities as a result of the exchange;
- be available for the full duration of the exchange;
- be able to work in English;
- be between 18 – 25 years of age (Team leader of country group can be over 25y)

# OBJECTIVES OF THE PROJECT

Objectives of the project are:

- to develop participant's skills and knowledge necessary in order to realise that they can become young entrepreneurs
- to contribute to the development of youth entrepreneurship and generally creative activity of young people
- to empower young people, motivate them to take an active role in their lives and in the lives of their local community
- to encourage and empower young people, to make them realise that entrepreneurship can be an option also for them
- to inspire young people to take a more pro-active and entrepreneurial approach
- to encourage young people to use their talents and their capacity for action and creation;
- to promote intercultural learning through non-formal education

Multifunctional complex Tesáre lies at southeastern hill of Považský Inovec and it is situated in beautiful nature close to the lake and large recreation area in Tesáre. With an area of 3 hectares, it is one of the largest resorts in the area. The resort is 10 km far from town Topolčany and it is equipped with a professional tennis court, a volleyball and basketball court, as well as other sport courts. All surfaces except the football field are artificial grass.
