Located in Telfs in Tirol, Austria

The hosting organisation has been hosting volunteers since 2014. Two volunteers from different countries are hosted at the same time, one starting in September and one in October.

Some info on the hosting organisation:

- Marktgemeinde Telfs has a youth coordination department. We are a youth department with the focus on open youth work (youth centre and streetwork) and after-school support in the community of Telfs.
- We especially try to support young people to find their way in life, to give them a place to be and to spend their free time in a diverse, creative or sportive way. In Telfs we have two youth centres, the Chilli and the "Fuxbau", our youth coordinator and six youth workers give support to youngsters there. The team also aims at offering an interesting programme for young people, so that they can collect new experiences.
- The youth centres offer a soccer ground, billard, darts, tablesoccer, tabletennis, playstation, workshop, dance/boxing room, kitchen/bar and an own recording studio.
- We also have an after school assistance for young people in which the volunteers will be supporting. The target group of the after school assistance are school children from 6 to 14 years. The target group of the youth centres are children and youth between 12 and 19 years who live in and around Telfs. Most of them are doing an apprenticeship, working, looking for a job, for apprenticeship or orientation.
- The youth work team is very motivated and open-minded. You will have great opportunities here to bring in your ideas!

This project is funded by the EU- programme "Erasmus+: Youth in Action". The EVS is financed by the EU and the hosting organisation. The ONLY financial contribution that the selected volunteer will need to make is to pay a small share of the travel costs if necessary (there is a lump sum budget). This project is already approved by the Austrian national agency with the budgetary rules of 2017.

Tasks & Activities of the volunteer:

- Being part of the team in the daily youth work
- planning and organising youth leisure activities and events together with youngsters and staff members
- supporting the after-school-support-team
- doing simple bar work
- being creative and bringing in own ideas into the project
- taking part in regular team meetings
- The service is 35 hours per week

The volunteer will work five days a week, a maximum of 35 hours a week including the German course. The volunteer will have two holidays per month in addition to the weekends.

The volunteer will be able to learn a lot during this project, he or she will have an interesting role and gain valuable experience and skills in working with youngsters. The volunteer will learn a lot about the youngster's situation, their topics, language, personal situations and problems. Furthermore the volunteer will get to know the work of youth workers and the challenges. Also the volunteer will be given free space to create, try and implement his or her own ideas.

The role of the volunteer will be working along with our employees and youngsters. The volunteer will be encouraged and accompanied to support the youngsters to tackle tasks themselves, so that the young people can discover their potential and abilities. The volunteer's work will be guided by our professional employees. We are welcoming new and creative ideas, which we believe adds new perspectives to our organisation.

Examples for such creative ideas are: creating a country-specific day with special meals or events, baking Christmas cookies, doing an artistic project with the youngsters, healthy cooking day, playing a big game in nature to make the youngsters spend more time outside, work with some people in our recording studio.
