The main aim of “Great Heros” is to use media and technology to celebrate the best of humanity and to empower youth to realize their own potential to affect positive change in the community. Our freely accessible, not-for-profit project will implemented by visitors of youth who share stories, art, audio and short films on our award-winning multimedia journal and digital library.

This project is youth exchange 1.1 and will have partners from programme countries. Our project will take place in the province of Tekirdag, Turkey from 21th March to 28 March. Industry in our province is mainly due to the districts has pretty much immigration. That's why it becomes cultural degeneration. The majority of the population work in factories. They stay away from their and another cultures who has got under obligation because of that situation. In this context, we will work out for the discovery of the heroes of the country's culture, will work to promote and spread. On one hand, the people, who will be observed and communicated with us, will have a chance to express themselves to people, on the other hand participant feel not only what they feel but also learn their origins and cultural characteristics. This situation will help to see the real picture of the cultural degregation. It will take 8-days. We will help to our guests for introduce the culture of the country's heroes as our workshop; our guests will create paintings, sculptures and toys about that heroes with our helping. In our project, Turkey, ..... countries will be included in the participants. And one of six people from each country will be the leader. <b>DESCRIPCIÓN DEL PROYECTO / PROJECT DESCRIPTION.</b>	<p>Title: Work and Study, Be Ready! READY! Raising Economical Activity Devoted to Youth!</p> <p>This project promotes youth employability. During this project young people from 5 countries will improve skills of entrepreneurship, raise awareness of the importance of starting to work while studying. There will be exchange experience, collaborating during the project. They will talk about their jobs and colleges. We choose this subject because now</p>

	<p>a days young people are not so attended to life. Maybe because of the internet or social life makes them lazy and stay away from working. We realise that and made it a subject. After this project we believe that participants will change their ideas about life. So they can understand how things work in reall world and other countries. Participants will make role-playing like manager of a college and students of that college. In that way they will learn how to manage.The youngs of the group that are in the role of the student will reflect the education problems of their countries and in this way what sort of problems take place in each country will be seen and also they will role-play about managing a company same way with the college. Management group and other who makes problems. Participants will have idea about managing and what kind of problems could be in other countries and what could be the solutions. Groups are also going to search most popular CEOs like 'Bill Gates' and make a theatre about how he become the CEO. That will be a team building activity that improves communication skills same time.We, young people want to make the hall Europa one huge county and also we believe that this project will be a huge step for being 'European Citizen'. Picturing that young people from different counties and talk about their job's and education life on the table. Maybe they will change their ideas or maybe create new ideas but anyway they will have a lot of idea about cultures, studying and working. The project will give them a chance to take a step to catch their ideas and dreams in the real life .</p>
