## INTERCHANGE

Hi! We are six young students from Mijas in Spain ready to conquer the world. We are between sixteen and eighteen years old.

Our name is Javi, Dani, Alejandra, Nadya,

Jonathan and Patri.

We are available since 20 July to 30 August, the last week of February and also 20 December to 5 January. We like sports, music, dance, gastronomy, read, write and have fun.

We want to participate in this project because we love meet other cultures, others countries, practise languages and meet new people to extend our world. Other of our objectives is give to meet our culture and way of live.

We haven't got preferences about any country. Wherever we go our objective will be

complete.

Thanks and...
