## 1. GRECIA

La Asociación Juvenil OportunidadEuropa busca 4 participantes residentes en España, de entre 18 a 25 años, para un Intercambio Cultural en Edessa (Grecia) del 22 al 29 de Abril de 2014 (Semana Santa Ortodoxa). El intercambio se denominará "Spread the Word, Feel the World".

### Description

In every country there are some words used that cannot be translated or explained in different cultural contexts. This happens because these words have a very special and strong cultural background, a fact that makes them quite "unique". In order to understand their meaning, someone needs to understand first the cultural elements hidden behind them. And that's why it's really hard, even for experts, to translate and interpret them. In the project "Spread the Word, Feel the World", participants will make a research in finding such words in their countries/communities and cultural contexts, share, present them and elaborate on cultural diversity and citizenship through multiple discussions, workshops, games and activities. Once the national cultures are presented and explored, the emphasis will move on the European culture and its aspects.

The project "Spread the Word, Feel the World" is organised by youngsters of Youthnet Hellas, in cooperation with 5 partner organisations from different parts of Europe. It is a multilateral youth exchange programme that will bring together 25 youngsters with leaders from different countries of Europe, with an aim to utilize the cultural elements hidden behind languages in order to facilitate the dialogue about cultural diversity and to promote intercultural exchange, active European citizenship and social inclusion.

Some important objectives of the project are:

- to reflect on participants' own cultural identity.
- to experience intercultural learning and getting connected through identifying similarities and differences with other young Europeans with different cultural backgrounds.
- to develop self-confidence, creative and critical thinking and overcome their fear of expressing feelings and opinions.

- to adopt attitudes of mutual understanding, tolerance and solidarity towards cultural differences in order to build social cohesion within the EU.
- to discuss and reflect on European culture and point out the importance of participation in the European Parliament Elections 2014.
- to develop social, personal, group-work skills and the ability to work collectively in an inter-cultural environment.

Participants will engage in activities based on non-formal and informal learning and at the end of the project, participants will create a handbook with all unique words found and discussed during the exchange, which will be also uploaded on the internet on electronic form and offered for free downloading.

All partners will be involved in the main topics of the programme, workshops and games and all participants will have to prepare themselves in advance in order to present their “unique words” and cultural context.

70% of travel expenses will be reimbursed after providing as with all requires invoices and originals of tickets, and all accommodation and food costs will be covered for the duration of the project.

Para participar en este Intercambio Cultural se tendrá que ser socio/a de la Asociación Juvenil OportunidadEuropa.
