Play with me & Learn from me

Erasmus + K.A.1 Youth exchange

Nea Moudania-Greece (3/6 - 12/6/2019)

Welcome on board!! ☺

The NGO **"You in Europe"** is going to host the Youth exchange **"Play with me & Learn from me"**

30 participants + 6 leaders from 6 countries (Greece, Spain, Portugal, Slovenia, Italy, Poland) will meet in Nea Moudania Halkidiki from 3/6 to 12/6/2019.

The aim of the project

This project is planned to provide guidance to participants in developing their knowledge and understanding of cultural diversity throughout traditional games of each country.

During the 10 days of the youth exchange, young people from six countries with different cultural backgrounds will be involved in playing and testing different creative and traditional outdoor games from each country, reflecting the historical, geographical, educational, social and economical conditions of the community they belong to. Through this project the young people will discover the fun of learning together by trying to play games from other countries with different culture. The games will assist in the promotion of multi-cultural understanding which is closely related to aspects of personal and social development, offering participants the opportunity to learn about themselves and other cultures, leaving aside pc and internet games.

Through this project they will also create new multi-culti games, experiencing a decision -making process and meeting new cultures and values.

Working Methodology

The whole exchange will be based on methods of non-formal learning. Participants will take an active role in the learning process. They will exchange views, build experiences together and share opinions.

A variety of methods will be used including energizers, role plays, interactive presentations, artistic interventions, interactive exercises, task-based learning, reflection and discussion.

The project will close with an open event in the central square of the town. New games and traditional games from each country will be presented to the local people where all together (kids, teenagers, old people, young people with disabilities) we will play the games facilitating the communication beyond the cultural and social differences and language barriers.

Main goals

- To promote the intercultural dialogue among young people.
- To raise public awareness about tolerance and solidarity.
- To promote young people's active participation and European cooperation
- To promote the inclusion and active participation in the project of young people with fewer opportunities.
- To promote the intergenerational approach of youngsters with older people.
- To foster mutual understanding between young people from different countries
- To enhance young people knowledge about the history, geography and culture of the other participating countries.
