WHO WE ARE

We are a small school that uses different approach into teaching. We have around 54 children in different age groups. They are active, creative and amazing. We are located in Preiļi, Latvia. It is a small town, but it also has largest park (42ha) in a city are in Latvia.

It can be challenging weather in winter time and an experience to live in a place where daytime shortest in December is about 4-6h. Something to experience to know. But summers are beautiful and spring just fabulous.

As a free time activities volunteers can join youth club, boxing club, arts and music school activities. even if the town is small, there are options if one knows what to want to.
