F1. Expected Activities

Our organisation can offer volunteers different learning elements: how a youth organisation works in Spain, different working methodologies with youth,...

Another learning element is related with the search and diffusion of youth information, one of our mainstays, as they will study local, regional, national and international information sources and diffuse it among youth, as we see that many information does not reach youth.

Another important aspect: development of social and cultural skills, as volunteers will have the opportunity of relating with an enormous number of youth from very different backgrounds and this will provide volunteers with a real view of youth in Spain.

Another learning aim: related with the use of new technologies, as we work with web platforms, graphic supports, videos,... in our different campaigns and activities, so volunteers may also develop this field.

Volunteers will also learn Spanish language, as this is our working language. Furthermore, they can also learn English and German (if they have some basic knowledge of them), as we have contact with international organisations.

Volunteers will participate in the normal working hours, with the mentor or responsible of the activity.

Volunteers will participate in different activities:

- Promotion of intercultural participation and learning. We manage an information desk in Malaga (Europa Más Cerca), in which local youth are informed about European mobility programmes. Volunteers may help giving information and counselling.
- We also help and advise other organisations to develop European programmes. Volunteers also participate.
- We also organise seminars and information sessions related with Europe, European Citizenship, as well as other more informal activities (cinema forum, multicultural meetings,...) in which we diffuse information about the EU, intercultural values and participation. In this campaigns, volunteers may present their European citizenship experience.
- We also participate in and organise other YiA actions, so the groups receive pre-departure training with the aim of giving more value to their multicultural experience, so in this training process, EVS volunteers may talk about their experience of living in another culture and country.
- Campaigns of promotion of volunteering. We organise workshops and training seminars together with the Andalusian volunteering agency and citizen participation area, at a local and regional scale. Volunteers may collaborate with these activities with the training team in the whole process: contact with organisations, planning training sessions, development and evaluation of sessions and they may also form active part of them if they want to talk about their experience as a volunteer.
- Youth Information. Volunteers will search, select and diffuse local, regional and national youth information with the mentor through the organisation's web site and electronic bulletins.
- We form part of Eurodesk, so volunteers may have access to the information site and help youth using this service to solve their questions about Europe.
- We work on YOUTH INFORMATION FIELD on
 - WEBSITE
 - FACEBOOK
 - INSTAGRAM
- SPORTS EVENTS
- Information and raising-awareness campaigns about Europe. We participate in several projects to make the EU and the possibilities it gives youth known, so volunteers may participate in this projects.
- Youth participation activities at MIJAS Youth service

Volunteers will have a mentor for all these activities and will never be responsible for them.
